Hepatitis A (Hep A)	2	All children 1 year of age and older

Immunization requirements are strictly enforced for all students. Students who do not meet the requirements will be denied attendance according to Section 25-4-902, C.R.S. There are three ways to be in compliance with the school immunization law:

1. Student's immunization record shows they are fully immunized with required vaccines. A laboratory report for some vaccines or diseases showing immunity is also acceptable.
2. For the student who is not up to date on required vaccines, the school will notify the parent/guardian that the student has 14 days to receive the required vaccine(s) or to make an appointment to receive the required vaccine(s). Parents are to provide a written plan for the remaining vaccines following the minimum intervals of the Advisory Committee on Immunization Practices (ACIP) schedule. If the plan is not followed, the student shall be excluded from school for non-compliance.
3. Submission of a Medical Exemption form signed by a health care provider or a Non-Medical exemption (religious or personal) submitted by a parent/guardian or emancipated student go to www.colorado.gov/vaccinexemption.
