SALARIES FOR NEWLY HIRED TEACHERS:

Initial salary determination will be based on outside licensed experience of up to 17 years in an accredited public or private Pre-K – 12 educational system and commensurate with placement of existing staff with similar experience, as determined by the Director for Human Resources. The Director for Human Resources shall ensure existing teachers’ salaries are not surpassed by salaries of newly hired teachers with comparable experience and education.

For hard to fill positions, the Director for Human Resources may consider years of experience in a relevant, professional setting so long as the individual held a recognized state issued certificate or license in the same field of employment.

SALARIES FOR RETURNING TEACHERS:

A salary increase may be added each contract year per approval of the Board of Education.

Approved increases are applied equitably, as a percentage and/or a fixed dollar amount, among all teaching staff. All teaching staff, including those at the highest and lowest salary levels are subject to approved increases.

In each year that a fixed-dollar-amount increase is granted, the increase shall be applied only to returning teachers. Such an increase shall not be applied to the minimum base salary. A returning teacher’s salary increase shall be greater than the increase applied to the minimum base salaries.

The maximum teacher’s salary shall not exceed two and one-half times the minimum teacher’s salary and the minimum teacher’s salary shall not be less than forty percent of the highest teacher’s salary.

“Minimum teacher’s salary” is defined as the BA Degree minimum reported in Table 1 above.

SALARY INCREASES FOR ADDITIONAL EDUCATION:

All hours for educational salary increases are semester hours. Undergraduate hours from a regionally accredited institution, and/or out of district professional learning credits (with prior approval from the Director for Human Resources) may be used for salary increases up to and including the level of Ph.D./Ed.D.

Only graduate level coursework from a regionally accredited institution will be accepted for salary increases. Because the district values the achievement of degree levels, degree hours greater than BA+48 or in-service hours taken prior to the MA level will not be counted as hours after the MA level.

Professional learning credits earned through the Academy District 20 Professional Learning Department may be accepted for salary increases.
