

Provider Search on Kaiser's Website

Helpful instructions on determining if your doctor is in the HMO and/or the KP Select Network. Type kp.org into your browser. Once the home page is up, click on the "Find a doctor" icon.

Choose an area: **Colorado – Southern Colorado**

Zip Code or City: **(Your choice)**

Within: **(defaults to 10 miles – 50 miles catches more)**

Hospital, Specialty, Doctor's name or Keyword: **(Your choice) – or you can leave it BLANK***
and it will show all doctors in the mile radius you choose.

Search

If you chose a doctor's name and it comes up with the doctor, you will need to check PLANS: (under their telephone numbers) to see in which network they participate. **If you are in a KP Select plan and it does not say "KP Select", they are not in network for you.*

If you chose a doctor's name and it shows the message "No results for the following criteria", the doctor is not in network.

*If you left the doctor's name BLANK and see a list of doctors, you will see the plan networks under their telephone numbers.

To see only KP Select participants, you can filter them by choosing your plan option under the "Health Plan" drop down box and by specialty (see circles below). There are also other filters you may also choose: Specialty Gender, Language and Hospital Affiliation.

Doctors and locations

You can find top-notch Kaiser Permanente doctors at world-class facilities near you.
