Community Resource Directory

We need each other to stand strong

ACADEMY DISTRICT 20

2018-2019
INTRODUCTION

This Community Resource Directory has been prepared to help Academy School District 20 (ASD20) families identify available resources. ASD20 has a commitment to help provide services for our families or to refer those families to the appropriate agency for needed services. Although we attempt to cover all areas of need, we cannot list all agencies serving this area. If you have specific needs which are not covered by this directory, please contact 2-1-1 Colorado (dial 2-1-1), a statewide information and referral service, to access health and human services. You may also contact ASD20’s Community Liaison Department at (719) 234-1385 for further information.

Information regarding various community resources are available in this packet. Please note that by sharing these community resources, Academy District 20 does not recommend or endorse these services. We encourage parents to conduct their own research in order to make a well-informed choice regarding which resources to access.

Please note that the information in this packet was last updated on August 24th, 2018. Names of contacts, phone numbers, websites, etc. are subject to change based upon changes made by the community resource organization.
