

# Senior to Sophomore Colorado State University-Pueblo

## ACADEMY DISTRICT 20 COLLEGE PATHWAYS

### Academy 20 High School Courses Articulated with CSU-P

Some in-building high school courses with approved instructors align with an equivalent college course and provide students with the option to earn dual high school and college credit from a local post-secondary institution. The list below indicates which D20 high school courses have been articulated with Colorado State University-Pueblo for college credit. Student application/registration, payment of tuition, and adherence to college policies applies, and there is no guarantee of transferability of credit. Please see the teacher of the course for details. This list is current as of the last update date below and is subject to change as course offerings and approvals change.

High School Course	College Course	Available at	With teacher	College Credits	Cost
